

BBH TRUST
BBH U.S. GOVERNMENT MONEY MARKET FUND
INSTITUTIONAL SHARES (BBSXX)

SUPPLEMENT DATED DECEMBER 31, 2025
TO THE PROSPECTUS
DATED FEBRUARY 28, 2025

The following information supplements, and to the extent inconsistent therewith, supersedes, certain information in the Prospectus. Defined terms not otherwise defined in this supplement have the same meaning as set forth in the Statement of Additional Information.

I. Change of Investment Adviser

The Board of Trustees (the “Board”) of the BBH Trust (the “Trust”) unanimously approved a change of the investment adviser of the BBH U.S. Government Money Market Fund (the “Fund”) at the December 10, 2025, Board meeting. Effective January 1, 2026, Brown Brothers Harriman Credit Partners, LLC (“BBH Credit Partners”), a subsidiary that is majority owned and controlled by Brown Brothers Harriman & Co. (“BBH&Co.”) will become the investment adviser of the Fund.

II. Fees and Expenses

Effective January 1, 2026, the fee table in the section captioned “Fees and Expenses” on page 1 of the prospectus is deleted in its entirety and replaced with the following:

Annual Fund Operating Expenses*

(Expenses that you pay each year as a percentage of the value of your investment)

	Institutional Shares
Management Fees	0.18%
Distribution (12b-1) Fees	None
Other Expenses	0.04%
Total Annual Fund Operating Expenses	<u>0.22%</u>

*Fees reflected in the table as of January 1, 2026.

III. Principal Investment Strategies

Effective January 1, 2026, the section captioned “Principal Investment Strategies” on page 1 of the prospectus is revised by replacing the first sentence of the second paragraph of that section with the following:

“Brown Brothers Harriman Credit Partners, LLC (“BBH Credit Partners” or “Investment Adviser”), serves as the Fund’s investment adviser.

IV. Investment Adviser

Effective January 1, 2026, the section captioned “Investment Adviser” on page 3 of the prospectus is deleted in its entirety and replaced by the following:

BBH Credit Partners serves as the Fund’s investment adviser.

V. Payments to Financial Intermediaries

Effective January 1, 2026, the section captioned “Payments to Financial Intermediaries” on page 4 of the prospectus is revised by replacing the first sentence of the first paragraph of that section with the following:

If you purchase shares of the Fund through a Financial Intermediary (such as a bank), BBH Credit Partners may pay the Financial Intermediary for the sale of Fund shares and related services.

VI. Management of the Fund

Effective January 1, 2026, the section captioned “Management of the Fund” on page 16 of the prospectus is deleted in its entirety and replaced by the following:

BBH Credit Partners, a Delaware limited liability company, located at 140 Broadway, New York, NY 10005 and established in 2025, serves as the investment adviser to the Fund. BBH Credit Partners is a subsidiary of and controlled by BBH&Co. The Investment Adviser is registered with the SEC as an investment adviser under the Investment Advisers Act of 1940.

Subject to the general supervision of the Fund’s Board, the Investment Adviser makes the day-to-day investment decisions for the Fund, places the purchase and sale orders for the portfolio transactions of the Fund, and generally manages the Fund’s portfolio of investments. BBH Credit Partners provides a broad range of investment management services for customers in the United States and abroad.

VII. Investment Advisory and Administrative Fee

Effective January 1, 2026, the section captioned “Investment Advisory and Administration Fee” on page 16 of the prospectus is revised by replacing the last sentence of that section with the following:

Investment Advisory Fee

For investment advisory services, the Investment Adviser receives a fee, computed daily and payable monthly, equal to 0.22% per annum on the first \$1 billion and 0.17% per annum on amounts over \$1 billion of the average daily net assets of the Fund. Prior to January 1, 2026, the Fund paid a combined investment advisory and administration fee to BBH&Co., through a separately identifiable department, computed daily and payable monthly, equal to 0.25% per annum on the first \$1 billion and 0.220% per annum on amounts over \$1 billion of the average daily net assets of the Fund. This fee compensates the Investment Adviser for its services and its expenses. For the most recent fiscal year, the Fund paid the Investment Adviser 0.21% of the Fund’s average daily net assets. A discussion of the Board’s most recent approval of the Fund’s investment advisory contract will be available in the Fund’s Semi-Annual Report for the period ending April 30, 2025.

PLEASE RETAIN THIS SUPPLEMENT FOR FUTURE REFERENCE.

I. BBH U.S. Government Money Market Fund Summary

Investment Objective

The investment objective of the BBH U.S. Government Money Market Fund (the “Fund”) is to provide investors with as high a level of income as is consistent with the preservation of capital and the maintenance of liquidity.

Fees and Expenses of the Fund

The table below describes the fees and expenses that you may pay if you buy and hold the Fund’s Institutional Shares.

Annual Fund Operating Expenses

(Expenses that you pay each year as a percentage of the value of your investment)

	Institutional Shares
Management Fees	0.21%
Distribution (12b-1) Fees	None
Other Expenses	0.01%
Total Annual Fund Operating Expenses	0.22%

EXAMPLE

This example is intended to help you compare the cost of investing in the Fund’s Institutional Shares to the cost of investing in other mutual funds. The example assumes that you invest \$10,000 in the Fund’s Institutional Shares for the time periods indicated and then redeem all of your shares at the end of those periods. The example also assumes that your investment has a 5% return each year and that the operating expenses of the Fund’s Institutional Shares remain the same. Although your actual costs may be higher or lower, based on these assumptions your costs would be:

	1 Year	3 Years	5 Years	10 Years
Institutional Shares	\$23	\$72	\$125	\$281

Principal Investment Strategies

Under normal circumstances, the Fund invests at least 99.5% of its total assets in cash and short-term U.S. Treasury securities and securities issued by U.S. government agencies or government-sponsored enterprises and repurchase agreements fully collateralized by such instruments. Additionally, under normal circumstances, at least 80% of the value of the Fund’s net assets will be invested in U.S. government securities and repurchase agreements fully collateralized by U.S. government securities. At the time of purchase, a portfolio investment must present minimal credit risk in accordance with procedures adopted by the Fund’s Board of Trustees (the “Board”) and pursuant to certain factors prescribed by Rule 2a-7 under the Investment Company Act of 1940 (“1940 Act”). These investments may have fixed, floating or variable rates of interest. In pursuing its investment objective and implementing its investment strategies, the Fund will comply with Rule 2a-7 under the 1940 Act.

Brown Brothers Harriman & Co. (“BBH&Co.”), through a separately identifiable department (the “Investment Adviser”), serves as the Fund’s investment adviser. In selecting securities, the Investment Adviser seeks to maximize current income within the limits of the Fund’s credit, maturity and diversification policies. Some of these policies may be stricter than required by applicable federal regulation. As a U.S. government money market fund, in order to preserve the value of investors’ capital, the Fund seeks to maintain a stable \$1.00 net asset value (“NAV”) per share price.

Principal Risks of the Fund

The principal risks of investing in the Fund and the circumstances reasonably likely to adversely affect an investment are listed and described below. There can be no assurance that the Fund will achieve its investment objective.

STABLE NAV RISK:

This is the risk that the Fund will not be able to maintain a NAV per share of \$1.00 at all times.

MARKET RISK:

The price of a security may fall due to changing economic, political, regulatory or market conditions, or due to a company's or issuer's individual situation. Natural disasters, the spread of infectious illness and other public health emergencies, recession, terrorism and other unforeseeable events may lead to increased market volatility and may have adverse effects on world economies and markets generally.

INTEREST RATE RISK:

This is the risk associated with the price fluctuation of a security in response to changes in interest rates and the possibility that the Fund's yield may decline if interest rates decline.

REPURCHASE AGREEMENT RISK:

This is the risk that the other party to a repurchase agreement will default on its obligation under the agreement.

U.S. GOVERNMENT AGENCY SECURITIES RISK:

Certain U.S. government agency securities are backed by the right of the issuer to borrow from the U.S. Treasury while others are supported only by the credit of the issuer or instrumentality. In the case of securities not backed by the full faith and credit of the United States, it may not be possible to assert a claim against the United States itself in the event the agency or instrumentality issuing or guaranteeing the security for ultimate repayment does not meet its commitments. Such securities are neither issued nor guaranteed by the U.S. Treasury.

VARIABLE AND FLOATING RATE INSTRUMENT RISK:

The absence of an active market for these securities could make it difficult for the Fund to dispose of them if the issuer defaults.

REGULATORY RISK:

The SEC and other regulators may adopt additional money market fund regulations in the future, which may impact the operation and performance of the Fund.

LARGE SHAREHOLDER RISK:

This is the risk that asset allocation decisions, particularly large redemptions made by BBH&Co., whose discretionary investment advisory clients make up a large percentage of the Fund's shareholders, may adversely impact remaining Fund shareholders.

MANAGEMENT RISK:

This is the risk that the securities selected by the Investment Adviser will underperform the markets, the relevant indices or the securities selected by other funds with similar investment objectives and investment strategies.

CREDIT RISK:

Credit risk refers to the likelihood that an issuer, guarantor, or counterparty to a debt obligation will default on interest or principal payments.

You could lose money by investing in the Fund. Although the Fund seeks to preserve the value of your investment at \$1.00 per share, it cannot guarantee it will do so. An investment in the Fund is not a deposit of BBH&Co. and is not insured or guaranteed by the Federal Deposit Insurance Corporation ("FDIC") or any other government agency. Additionally, BBH&Co. as the Fund's sponsor has no legal obligation to provide financial support to the Fund, and you should not expect that BBH&Co. will provide financial support to the Fund at any time.

Fund Performance

The following bar chart and table give an indication of the risks involved with an investment in the Fund. The bar chart shows changes in the performance of the Fund's Institutional Shares from year to year. The table shows the average annual returns of the Fund's Institutional Shares for the periods indicated.

For current yield information, please call 1-800-575-1265 toll free, or contact your account representative. When you consider this information, please remember that the Fund's performance in past years is not necessarily an indication of how the Fund will perform in the future.

Total Return for Institutional Shares (% Per Calendar Year)*

Highest Performing Quarter: 1.31% in 4th quarter of 2023
Lowest Performing Quarter: 0.00% in 1st quarter of 2015

Average Annual Total Returns (For the periods ended December 31, 2024)

	1 Year	5 Years	10 Years
Institutional Shares	5.09%	2.31%	1.57%

Investment Adviser

BBH&Co., through a separately identifiable department, serves as the Fund's investment adviser.

Purchase and Sale of Fund Shares

Shares of the Fund may be purchased or sold (redeemed) on any business day (normally any day when the New York Stock Exchange (“NYSE”) is open). Shareholders may redeem shares held directly in the name of a shareholder on the books of the Fund by submitting a redemption request to the Fund’s transfer agent, ALPS Fund Services, Inc. (“Transfer Agent”). If shares are held by a bank, broker or other financial intermediary with which the Fund or its shareholder servicing agent has contracted (“Financial Intermediary”) on behalf of such shareholder, then shareholders must redeem shares through such Financial Intermediary.

Investment Minimums

Minimum initial purchase amounts vary.

	Institutional Shares
Initial Purchases	\$5,000

Tax Information

The Fund’s distributions are generally taxable to you as ordinary income, capital gains, or a combination of the two.

Payments to Financial Intermediaries

If you purchase shares of the Fund through a Financial Intermediary, BBH&Co. may pay the Financial Intermediary for the sale of Fund shares and related services. These payments may create a conflict of interest by influencing the Financial Intermediary and your salesperson to recommend the Fund over another investment. Ask your salesperson or visit your Financial Intermediary’s website for more information.

II. Investment Objective, Principal Investment Strategies and Principal Risks

Investment Objective

The investment objective of the Fund is to provide investors with as high a level of income as is consistent with the preservation of capital and the maintenance of liquidity.

Principal Investment Strategies

Under normal circumstances, the Fund invests at least 99.5% of total assets in cash and short-term U.S. Treasury securities and securities issued by U.S. government agencies or government-sponsored enterprises (such as Fannie Mae, Freddie Mac and the Federal Home Loan Banks) ("government securities") and repurchase agreements fully collateralized by such instruments. Additionally, under normal circumstances, at least 80% of the value of the Fund's net assets will be invested in U.S. government securities and repurchase agreements fully collateralized by U.S. government securities.

At the time of purchase, a portfolio investment must present minimal credit risk in accordance with procedures adopted by the Fund's Board and pursuant to certain factors prescribed by Rule 2a-7 under the 1940 Act. In pursuing its investment objective and implementing its investment strategies, the Fund will comply with Rule 2a-7 under the 1940 Act.

In selecting securities, the Investment Adviser seeks to maximize current income within the limits of the Fund's credit, maturity and diversification policies. Some of these policies may be stricter than required by applicable federal regulation. As a U.S. government money market fund, in order to preserve the value of investors' capital, the Fund seeks to maintain a stable \$1.00 per share price. In response to adverse market, economic, political and other conditions, the Investment Adviser may make temporary investments for the Fund that are not consistent with its investment objective and principal investment strategies. The Fund may also hold uninvested cash reserves pending investment, during temporary defensive periods, or if, in the opinion of the Investment Adviser, suitable obligations are unavailable.

Uninvested cash reserves will not earn income. Such investments may prevent the Fund from achieving its investment objective.

Pursuant to Rule 2a-7 under the 1940 Act, the Fund will generally limit its purchases of any one issuer's securities (other than U.S. government securities and repurchase agreements collateralized by such securities) to 5% of the Fund's total assets. Investments in securities subject to a guarantee (or demand feature) provided by any one guarantor may not exceed 10% of the Fund's total assets. For the purposes of calculating the 5% and 10% limits, the Fund will treat as a single issuer two or more issuers of securities owned by the Fund if one issuer controls the other, is controlled by the other issuer, or is under common control with the other issuer. A repurchase agreement is a special type of short-term investment pursuant to which a dealer sells securities to a Fund and agrees to buy them back later at a set price. In effect, the dealer is borrowing the Fund's money for a short time, using the securities as collateral.

The section below describes the particular types of securities in which the Fund principally invests. Other types of securities may become available that are similar to those described below in which the Fund also may invest, if consistent with its investment objective and policies. The Fund may, from time to time, make other types of investments and pursue other investment strategies in support of its overall investment goal. These supplemental investment strategies are described in the Statement of Additional Information ("SAI").

U.S. GOVERNMENT SECURITIES:

The Fund will primarily invest in securities issued or guaranteed by the U.S. Government, its agencies or instrumentalities. These securities, including those that are guaranteed by federal agencies or instrumentalities, may or may not be backed by the "full faith and credit" of the United States.

REPURCHASE AGREEMENTS:

A repurchase agreement is an agreement in which the seller (the “Lender”) of a security agrees to repurchase from the Fund the security sold at a mutually agreed upon time and price. As such, it is viewed as the lending of money by the Fund to the Lender. The Fund always receives U.S. Treasury or agency securities (including mortgage-backed securities) as collateral. Repurchase agreements are subject to credit risk. If the Lender defaults and the securities serving as collateral are ineligible securities for the Fund to purchase, it will liquidate the collateral securities in a time and manner determined by the Investment Adviser to be most beneficial to the Fund. The Fund will enter into repurchase agreements with non-U.S. counterparties.

VARIABLE AND FLOATING RATE INSTRUMENTS:

The Fund may invest in securities whose interest rates are reset daily, weekly or at another periodic date so that the security remains close to par, minimizing changes in its market value.

Principal Risks of the Fund

The principal risks of investing in the Fund and the circumstances reasonably likely to adversely affect an investment are listed and described below. There can be no assurance that the Fund will achieve its investment objective.

STABLE NAV RISK:

This is the risk that the Fund will not be able to maintain a NAV per share of \$1.00 at all times. Events, including significant market disruptions or a drop in market prices of securities held by the Fund, especially at times when the Fund needs to sell securities in order to meet shareholder redemption requests, could cause the value of the Fund's shares to decrease to a price less than \$1.00 per share. Additionally, in the event that the Fund's Board was to determine pursuant to Rule 2a-7 that the extent of the deviation between the Fund's amortized cost price per share and its market-based NAV may result in material dilution or other unfair results to shareholders, the Board would cause the Fund to take such action as it deems appropriate to eliminate or reduce to the extent practicable such dilution or unfair results, including, but not limited to, the possibility of suspending redemption of shares and liquidating the Fund pursuant to Rule 22e-3 under the 1940 Act.

MARKET RISK:

The price of a security may fall due to changing economic, political, regulatory or market conditions, or due to a company's or issuer's individual situation. Local, regional, or global events such as war, acts of terrorism, the spread of infectious illness or other public health issues, recessions, or other events could have a significant impact on the market generally and on specific securities.

INTEREST RATE RISK:

Prices of money market fund instruments rise and fall in response to changes in interest rates. Prices generally fall when interest rates rise. Instruments with shorter maturities typically are less sensitive to interest rate movements than those with longer maturities. In addition, the Fund's yield (the rate of dividends the Fund pays) may decline in the event interest rates decline.

REPURCHASE AGREEMENT RISK:

If the other party to a repurchase agreement defaults on its obligation under the agreement, the Fund may suffer delays and incur costs or lose money in exercising its rights under the agreement. If the seller fails to repurchase the security and the market value of the security declines, the Fund may lose money. The ability of non-U.S. counterparties to perform may be negatively impacted by foreign political or economic factors or developments not present domestically.

U.S. GOVERNMENT AGENCY SECURITIES RISK:

Certain U.S. government agency securities are backed by the right of the issuer to borrow from the U.S. Treasury while others are supported only by the credit of the issuer or instrumentality. In the case of securities not backed by the full faith and credit of the United States, it may not be possible to assert a claim against the United States itself in the event the agency or instrumentality issuing or guaranteeing the security for ultimate repayment does not meet its commitments. Such securities are neither issued nor guaranteed by the U.S. Treasury. Securities that are not backed by the full faith and credit of the United States include, but are not limited to, securities of the Tennessee Valley Authority, the Federal National Mortgage Association, the Federal Farm Credit System, the Federal Housing Loan Banks and the Federal Home Loan Mortgage Corporation.

VARIABLE AND FLOATING RATE INSTRUMENT RISK:

The absence of an active market for these securities could make it difficult for the Fund to dispose of them if the issuer defaults.

REGULATORY RISK:

The SEC and other regulators may adopt additional money market fund regulations in the future, which may impact the operation and performance of the Fund.

LARGE SHAREHOLDER RISK:

From time to time, BBH&Co. may allocate a portion of the assets of its discretionary clients to the Fund. There is a risk that if a large percentage of Fund shareholders consists of BBH&Co.'s discretionary investment advisory clients, such asset allocation decisions, particularly large redemptions, may adversely impact remaining Fund shareholders.

MANAGEMENT RISK:

Management risk is the risk that the securities selected by the Investment Adviser will underperform the markets, the relevant indices or the securities selected by other funds with similar investment objectives and investment strategies.

CREDIT RISK:

Credit risk refers to the possibility that an issuer, obligor or counterparty will default on interest or principal payments. Changes in the financial condition of an issuer, changes in specific economic or political conditions that affect a particular type of issuer, and changes in general economic or political conditions can adversely affect the credit quality or value of an issuer's securities. Money market funds generally try to minimize this risk by investing in higher quality securities.

You could lose money by investing in the Fund. Although the Fund seeks to preserve the value of your investment at \$1.00 per share, it cannot guarantee it will do so. An investment in the Fund is not a deposit of BBH&Co. and is not insured or guaranteed by the FDIC or any other government agency. Additionally, BBH&Co. as the Fund's sponsor has no legal obligation to provide financial support to the Fund, and you should not expect that BBH&Co. will provide financial support to the Fund at any time.

Portfolio Holdings

Information concerning the Fund's portfolio holdings is available on the Fund's website at www.bbhffunds.com. A complete listing of the Fund's portfolio holdings as of the end of each month is posted on the website typically within five business days after the end of the month and remains posted for six months thereafter.

The Fund will file with the SEC a monthly report of portfolio holdings on Form N-MFP, current as of the last business day of the previous month, no later than the fifth business day of each month. These filings are available on the SEC's website at www.sec.gov.

A description of the Fund's policies and procedures with respect to the disclosure of the Fund's portfolio securities is available in the Fund's SAI.

III. Management of the Fund

BBH&Co., a New York limited partnership, located at 140 Broadway, New York, NY 10005 and established in 1818, serves as the Investment Adviser to the Fund through a separately identifiable department. The Investment Adviser is registered with the SEC as an investment adviser under the Investment Advisers Act of 1940.

Subject to the general supervision of the Board, the Investment Adviser makes the day-to-day investment decisions for the Fund, places the purchase and sale orders for the portfolio transactions of the Fund, and generally manages the Fund's portfolio of investments. BBH&Co. provides a broad range of investment management services for customers in the United States and abroad. As of December 31, 2024, BBH&Co. managed total assets of approximately \$96.7 billion, approximately \$8.5 billion of which represented total net assets in the Fund.

In addition to a continuous investment program, BBH&Co. serves as the Fund's administrator, which provides administrative services to the Fund, such as shareholder communications and tax services.

Investment Advisory and Administrative Fee

For investment advisory and administrative services, BBH&Co. receives a combined fee, computed daily and payable monthly, equal to 0.25% on the first \$1 billion and 0.20% on the amounts over \$1 billion of the average daily net assets of the Fund. This fee compensates BBH&Co. for its services and its expenses. The Investment Adviser may from time to time voluntarily waive all or a portion of its advisory and administration fee from the Fund.

For the most recent fiscal year, the Fund paid the Investment Adviser 0.21% as a percentage of average daily net assets. A discussion of the Board's most recent approval of the Fund's investment advisory agreement will be available in the Fund's semi-annual report on Form N-CSR for the period ending April 30, 2025.

IV. Shareholder Information

Fund Valuation Policies

The Fund's NAV is normally determined once daily at 5:00 p.m., Eastern Time on each day the NYSE is open for regular trading except when the following federal holidays are observed: Columbus Day and Veterans' Day ("Business Day"). The Fund does not calculate its NAV on days the NYSE is closed for trading, with the exception of National Days of Mourning. The determination of the Fund's NAV is made by subtracting from the value of the total net assets of the Fund the amount of its liabilities and dividing the difference by the number of shares of the Fund outstanding at the time the determination is made. The Fund seeks to maintain a stable NAV of \$1.00.

The Fund values its investment holdings at amortized cost, which is approximately equal to market value. In addition, for regulatory purposes, the Fund calculates a market-based NAV per share on a daily basis. This information is available on the Fund's website.

Description of Share Classes

The Fund offers Institutional Shares through this Prospectus, representing interests in a single portfolio of securities. Institutional Shares have operating expenses that affect their performance.

Account Transactions

Purchase of Shares

The Fund offers its shares on a continuous basis at the current NAV without a sales charge. Investors may purchase shares on any day the Fund's NAV is calculated. The Fund executes purchases of its shares at the current NAV, which is next determined after the Fund receives the purchase order in good order. Generally, a purchase order is considered to be in good order when the purchase payment is converted to federal funds. The Fund reserves the right in its sole discretion to accept purchase orders paid for by check. See the Statement of Additional Information

for further information. The Fund reserves the right to determine the purchase orders for Fund shares that it will accept. Generally, shares are entitled to dividends declared, if any, starting as of the first Business Day the Transfer Agent records the purchase. It is anticipated that the NAV of the Fund will remain constant at \$1.00. No assurance can be given that this goal can be achieved.

An investor may place purchase orders for Fund shares directly through the Transfer Agent or through a Financial Intermediary. Such orders will be priced at the NAV next calculated after the Fund receives the payment, through the Transfer Agent, in good order. Such orders that are placed directly through the Transfer Agent are held directly in the investor's name on the books of the Fund and the investor is responsible for arranging for payment of the purchase price of Fund shares.

Those investors who buy shares of the Fund through a Financial Intermediary that is authorized to place trades in Fund shares for their customers will have such shares held in the Financial Intermediary's name pursuant to arrangements made with that customer. Each Financial Intermediary arranges payment for Fund shares on behalf of its customers and may charge a transaction fee payable to the Financial Intermediary on the purchase of Fund shares.

Shares of the Fund have not been registered for sale outside of the U.S. The Fund generally does not sell shares to investors residing outside the U.S., even if they are U.S. citizens or lawful permanent residents, except to investors with U.S. military A.P.O. or F.P.O. addresses.

Investment Minimums*

	Institutional Shares**
Initial Purchases	\$5,000

* The Fund may change these investment minimums from time to time. Any Financial Intermediary may also establish and amend, from time to time, minimum initial purchase requirements for its customers.

** The Fund has waived the investment minimum for all BBH&Co. Partners, Employees, Fund Trustees and their respective family members who wish to invest in the Fund's Institutional Shares.

Redemption of Shares

The Fund executes a redemption request at the NAV next determined after the Fund receives the redemption request in good order. The Fund normally determines the Fund's NAV daily at 5:00 p.m. Eastern Time on each day that the equity markets of the NYSE are open for a regular day of trading. Under normal market conditions, redemption requests received in good order by 5:00 p.m. Eastern Time on any Business Day will be executed at that day's NAV. Orders received after 5:00 p.m. will be executed at the next day's NAV. Redemption requests will be paid by federal funds wire transfer to the shareholder's designated account. Generally, shares continue to earn dividends declared, if any, through the Business Day preceding the Business Day the Transfer Agent executes the redemption request on the books of the Fund. Redemption requests received before 5:00 p.m. Eastern Time on any Business Day will typically be paid on the Business Day following the date on which the redemption request was received in good order. In order to meet the redemption request, the Fund typically expects to use available cash (or cash equivalents) or to sell portfolio securities. These methods may be used during both normal and stressed market conditions.

How to Redeem Fund Shares

Shareholders must redeem shares held by a Financial Intermediary through that Financial Intermediary and follow the Financial Intermediary's procedures for transacting with the Fund. For more information about how to redeem shares through a Financial Intermediary, contact the Financial Intermediary directly.

Shareholders may redeem shares held directly with the Fund by submitting a redemption request to the Transfer Agent. The Fund pays proceeds resulting from such redemption directly to the shareholder generally the same date the redemption request is received in good order.

A shareholder redeeming shares should be aware that the NAV of the shares of the Fund may, in unusual circumstances, decline below \$1.00 per share. Accordingly, a redemption request may result in payment of a dollar amount, which differs from the number of shares redeemed.

Redemptions by the Fund

The Fund has established a minimum account size of \$5,000 for Institutional Shares, which may be changed from time to time in its discretion. Except in circumstances where the minimum account size has been changed or waived, if the value of an account held directly with the Fund falls below the minimum account size because of a redemption of shares, the Fund reserves the right to redeem the shareholder's remaining shares. If such remaining shares are to be redeemed, the Fund will notify the shareholders of Institutional Shares at least 5 days, to make an additional investment to meet the minimum requirement before the redemption is processed.

Each Financial Intermediary may establish its own minimum account requirements for its customers, which may be lower than those established for accounts held with the Fund.

Further Redemption Information

Redemptions of shares are generally taxable events, but a shareholder generally will not recognize a gain or loss on a redemption if the Fund maintains a stable NAV of \$1.00 per share. Shareholders should consult their personal tax adviser to determine the tax implications of any redemption.

The Fund has reserved the right to pay redemption proceeds by a distribution in-kind of a security or securities from the Fund's portfolio (rather than cash). In the event that the Fund makes an in-kind distribution, you could incur brokerage and transaction charges when converting the securities to cash. Additionally, securities received through an in-kind redemption may be subject to market risk until such time as you can dispose of the securities. The Fund does not expect to make in-kind distributions, but if it does, the Fund will pay, during any 90-day period, your redemption proceeds in cash up to either \$250,000 or 1.00% of the Fund's net assets, whichever is less. The Fund may suspend a shareholder's right to receive payment with respect to any redemption or postpone the payment of the redemption proceeds for up to seven days and for such other periods as applicable law may permit.

The Fund shall have the ability to suspend redemptions and postpone payment of redemption proceeds in order to facilitate an orderly liquidation of the Fund in accordance with Rule 22e-3 under the 1940 Act if: (i) the Board, including a majority of Trustees who are not interested persons of the Fund, determines that the extent of deviation between the Fund's amortized cost price per share and its current NAV calculated using available market quotations (or an appropriate substitute that reflects current market conditions) may result in material dilution or other unfair results to investors or existing shareholders; (ii) the Fund's Board, including a majority of Trustees who are not interested persons of the Fund, irrevocably has approved the liquidation of the Fund; and (iii) the Fund, prior to suspending redemptions, notifies the SEC of its decision to liquidate and suspend redemptions.

Frequent Trading Policy

Given the short-term nature of the Fund's investments and its use of the amortized cost method for calculating the NAV of Fund Shares, the Fund does not anticipate that in the normal case frequent or short-term trading into and out of the Fund will have significant adverse consequences for the Fund and its shareholders. For this reason and because the Fund is intended to be used as a liquid short-term investment, the Fund's Board has not adopted policies or procedures to monitor or discourage frequent or short-term trading of the Fund's Shares.

Dividends and Distributions

The net income and substantially all of the net capital gains of the Fund, if any, are declared as a dividend daily and paid monthly. Determination of the Fund's net income is made each Business Day immediately prior to the determination of the Fund's NAV. Net income for days other than such Business Days is determined at the time of the determination of the Fund's NAV on the immediately preceding Business Day.

Each Financial Intermediary may establish its own policy with respect to the reinvestment of dividends in additional Fund shares.

Dividends declared are payable to shareholders of record of the Fund on the date of determination. Generally, shares purchased through submission of a purchase order prior to 5:00 p.m., Eastern Time on a Business Day begin earning dividends on the Business Day the Transfer Agent records the purchase. Generally, shares redeemed qualify for a dividend through the Business Day preceding the Business Day the redemption order is executed. Unless a shareholder whose shares are held directly in the shareholder's name on the books of the Fund elects to have dividends paid in cash, the Fund automatically reinvests dividends in additional Fund shares.

A shareholder who elects to have dividends paid in cash receives a check in the amount of such dividends. In the event a shareholder redeems all shares held at any time during the month, all accrued but unpaid dividends are included in the proceeds of the redemption and future purchases of shares by such shareholder will be subject to the minimum initial purchase requirements. There are no sales charges for the reinvestment of dividends.

Taxes

Please consult your personal tax adviser regarding your specific questions about federal, state and local taxes.

Below is a summary of certain important federal income tax issues that affect the Fund and its shareholders. This summary is based on current tax laws, which are subject to change. This summary does not apply to shares held in an individual retirement account or other tax-qualified plans, which are generally not subject to current tax. Transactions relating to shares held in such accounts may, however, be taxable at some time in the future.

The Fund has elected and intends to qualify each year for the special tax treatment afforded to a regulated investment company ("RIC") under the Internal Revenue Code of 1986, as amended (the "Code"). If the Fund maintains its qualification as a RIC and meets certain minimum distribution requirements, then the Fund is generally not subject to tax at the fund level on income and gains from investments that are timely distributed to shareholders. However, if the Fund fails to qualify as a RIC or to meet minimum distribution requirements it would result (if certain relief provisions were not available) in fund-level taxation and consequently a reduction in income available for distribution to shareholders.

Distributions you receive from the Fund will generally be subject to federal income tax, and any state or local income taxes, whether or not you reinvest them in additional shares. Dividends of net investment income and distributions of net short-term capital gains, if any, are taxable to shareholders of the Fund as ordinary income, whether such dividends are paid in cash or reinvested in additional shares. Any distributions from the Fund's net capital gain (the excess of the Fund's net long-term capital gain over its net short-term capital loss) are taxable as long-term capital gains, regardless of how long you have owned your shares. The Fund does not expect any distributions to be treated as qualified dividend income, which is taxable to non-corporate shareholders at reduced rates, or to be eligible for the dividends received deduction for corporate shareholders.

A RIC that receives business interest income may pass through its net business interest income for purposes of the tax rules applicable to the interest expense limitations under Section 163(j) of the Code. A RIC's total "Section 163(j) Interest Dividend" for a tax year is limited to the excess of the RIC's business interest income over the sum of its business interest expense and its other deductions properly allocable to its business interest income. A RIC may, in its discretion, designate all or a portion of ordinary dividends as Section 163(j) Interest Dividends, which would allow the recipient shareholder to treat the designated portion of such dividends as interest income for purposes of determining such shareholder's interest expense deduction limitation under Section 163(j) of the Code. This can potentially increase the amount of a shareholder's interest expense deductible under Section 163(j) of the Code. In general, to be eligible to treat a Section 163(j) Interest Dividend as interest income, you must have held your shares in a Fund for more than 180 days during the 361-day period beginning on the date that is 180 days before the date on which the share becomes ex-dividend with respect to such dividend. However, the holding period requirement does not apply to the Fund because it declares interest dividends on a daily basis in an amount equal to at least 90 percent of the Fund's excess section 163(j) interest income and distribute such dividends on a monthly basis. Section 163(j) Interest Dividends, if so designated by a Fund, will be reported to your financial intermediary or otherwise in accordance with the requirements specified by the Internal Revenue Service.

Redemptions and sales of shares are generally taxable events, but a shareholder generally will not recognize a gain or loss on a redemption or sale if the Fund maintains a stable NAV of \$1.00 per share.

The Fund (or its administrative agent) will report to shareholders annually the U.S. federal income tax status of all Fund distributions.

U.S. individuals with income exceeding certain thresholds are subject to a 3.8% tax on all or a portion of their “net investment income,” which includes interest, dividends, and certain capital gains (including capital gains, if any, realized on the sale or exchange of shares of the Fund). This 3.8% tax also applies to all or a portion of the undistributed net investment income of certain shareholders that are estates and trusts.

If you are neither a citizen nor a resident of the United States, the Fund will generally withhold federal income tax at the rate of 30% (or such lower rate as may be determined in accordance with any applicable treaty) on ordinary dividends and other payments that are subject to such withholding. The 30% withholding tax will not apply to dividends that the Fund reports as (a) interest-related dividends, to the extent such dividends are derived from the Fund’s “qualified net interest income,” or (b) short-term capital gain dividends, to the extent such dividends are derived from the Fund’s “qualified short-term gain.” “Qualified net interest income” is the Fund’s net income derived from U.S.-source interest and original issue discount, subject to certain exceptions and limitations. “Qualified short-term gain” generally means the excess of the net short-term capital gain of the Fund for the taxable year over its net long-term capital loss, if any.

If you do not provide the Fund with your correct taxpayer identification number and any required certifications, you will be subject to backup withholding on your distributions and dividends. The backup withholding rate is 24%. Backup withholding will not, however, be applied to payments that have been subject to the 30% withholding tax applicable to shareholders who are neither citizens nor residents of the United States.

The treatment of the Fund and its shareholders residing in those states and local jurisdictions that have income tax laws might differ from treatment under the federal income tax laws. Therefore, distributions to shareholders may be subject to additional state and local taxes. Shareholders are urged to consult their personal tax advisors regarding any state or local taxes.

For additional information regarding taxes, please refer to the SAI.

V. Financial Highlights

The Financial Highlights tables are intended to help an investor understand the financial performance of the Fund's Institutional Shares for the past five years. Certain information reflects financial results for a single Fund share. The total returns in the table represent the rate that an investor would have earned or lost on an investment in the Fund, (assuming reinvestment of all dividends and distributions). This information has been audited by Deloitte & Touche LLP whose report, along with the Fund's financial statements, is included in the Fund's annual report, which is available upon request.

Selected per share data and ratios for a class Institutional share outstanding throughout each year.

	For the years ended October 31,				
	2024	2023	2022	2021	2020
Net asset value, beginning of year	\$ 1.00	\$ 1.00	\$ 1.00	\$ 1.00	\$ 1.00
Income from investment operations:					
Net investment income ¹	0.05	0.05	0.01	0.00 ²	0.01
Net realized and unrealized gain/(loss)	0.00 ²	(0.01)	0.00 ²	(0.00) ²	0.00 ²
Total income from investment operations	0.05	0.04	0.01	0.00 ²	0.01
Dividends and distributions to shareholders:					
From net investment income	(0.05)	(0.04)	(0.01)	(0.00) ²	(0.01)
Total dividends and distributions to shareholders	(0.05)	(0.04)	(0.01)	(0.00) ²	(0.01)
Net asset value, end of year	\$ 1.00	\$ 1.00	\$ 1.00	\$ 1.00	\$ 1.00
Total return ³	5.22%	4.59%	0.75%	0.01%	0.59%
Ratios/Supplemental data:					
Net assets, end of year (in millions)	\$ 7,648	\$ 5,899	\$ 4,795	\$ 4,227	\$ 3,475
Ratio of expenses to average net assets before reductions	0.22%	0.23%	0.23%	0.23%	0.24%
Fee waiver ⁴	—%	—%	(0.08)%	(0.19)%	(0.05)%
Ratio of expenses to average net assets after reductions	0.22%	0.23%	0.15%	0.04%	0.19%
Ratio of net investment income to average net assets	5.09%	4.52%	0.73%	0.01%	0.48%

¹ Calculated using average shares outstanding for the year.

² Less than \$0.01 per share.

³ Assumes the reinvestment of distributions.

⁴ During the years ended October 31, 2024, 2023, 2022, 2021 and 2020, the investment advisory and administrative fee waivers, as a result of a voluntary operating expense limitation agreement, were \$-, \$-, \$3,724,415, \$7,060,486 and \$1,299,428, respectively.

MORE INFORMATION ON THE FUND IS AVAILABLE FREE UPON REQUEST,
INCLUDING THE FOLLOWING:

Annual/Semi-Annual Report

The Fund's annual and semi-annual reports to shareholders provide additional information about the Fund's investments including portfolio holdings. In the Fund's Form N-CSR, you will find the Fund's annual and semi-annual financial statements.

To reduce expenses, we mail only one copy of the Fund's prospectus and each annual and semi-annual report to those addresses shared by two or more accounts. If you wish to receive individual copies of these documents, please call us at 1-800-575-1265 or if your shares are held through a financial institution please contact them directly. We will typically send you individual copies within three business days after receiving your request.

Statement of Additional Information

The SAI provides more details about the Fund and its policies and information on the Fund's non-principal investment strategies. A current SAI is on file with the SEC and is incorporated by reference (and is legally considered part of this Prospectus).

To obtain the SAI, Annual Report and Semi-Annual Report, and other information such as financial statements, without charge:

By telephone: Call 1-800-575-1265

By mail write to the Fund's
shareholder servicing agent: Brown Brothers Harriman & Co.
140 Broadway
New York, New York 10005

By E-mail send your request to: bbhfunds@bbh.com

On the internet:
